

# Wild Hearts Collective - Full Website To Do List

## 1. Initial Setup (Foundation)

- Set up website structure using WordPress / Elementor or chosen platform
- Create global design system: fonts, buttons, spacing rules
- Ensure mobile-first and accessibility-focused layout

## 2. Brand Identity & Style Direction

- Create calm, inclusive colour palette (beige, sage green, soft brown, light pink)
- Define soft and welcoming visual identity
- Establish simple, accessible tone of voice

## 3. Website Structure (Pages)

- Home
- About Us
- Classes
- Community / Space
- Parties & Events
- Hire the Space
- Contact
- Booking integration via TeamUp

## 4. Homepage Build

- Hero section with clear identity statement
- Overview of aerial and community offerings
- Why choose us section (safety, inclusivity, qualifications)
- Community-focused messaging
- Strong call-to-action for bookings

## 5. About Page (Twisted Pole Style Inspired)

- Founders story (Rosie, Jacqui, Sarah)
- Mission and vision

- Values: inclusivity, safety, community, creativity
- Instructor qualifications (DBS, first aid, certified instructors)
- Space for future team expansion

## **6. Classes Page**

- Pole dancing classes
- Aerial hoop
- Aerial silks
- Beginner to advanced levels
- Simple explanations and booking links

## **7. Community & Events Page**

- Arts and crafts workshops
- Community hub activities
- Local business collaborations
- Wellbeing and creative expression focus

## **8. Parties & Kids Activities Page**

- Children's party packages
- Safe and supervised activities
- Creative movement sessions
- Booking enquiry system

## **9. Hire the Space Page**

- Studio/room hire options
- Private events and workshops
- Flexible community use
- Contact and enquiry form

## **10. Contact Page**

- Contact form
- Email and phone details
- Social media links

- Location map (when provided)

## **11. Booking Integration (TeamUp)**

- Link all booking buttons to TeamUp
- Embed timetable if required
- Ensure smooth booking user journey
- Keep website as front-end, TeamUp as backend system

## **12. Content Strategy**

- Use simple, clear language
- Avoid information overload
- Short paragraphs and structured headings
- Neurodivergent-friendly UX approach

## **13. About Page Expansion Plan**

- Add instructor profiles with photos and bios
- Include staff/team expansion section
- Add testimonials later
- Update achievements and certifications over time

## **14. Development Workflow**

- Stage 1: Wireframe + design approval
- Stage 2: Homepage draft
- Stage 3: About page draft
- Stage 4: Full page builds
- Stage 5: Booking integration
- Stage 6: Final testing and revisions
